

	Perimeter Bond	vs	Full Optical Bond
ENVIRONMENT	Indoor, Limited Temp Range, Consistent Lighting		Outdoor- Rain, Sun, Low/High Temp
TOUCH PERFORMANCE	Basic		Mission Critical
USAGE	Light Duty		Rough Usage, Impact Resistance
UV EXPOSURE	Not Recommended		Outdoor Full Sun, no yellowing
TOTAL COST OF OWNERSHIP	Shortened Life and Earlier Field Replacement in Inclement Conditions		Full Life, even in Inclement Conditions
READABILITY	Poor, multiple Air/Glass interfaces cause reflectivity issues		Excellent, optically matched adhesives provide minimal reflectivity issues
